**Aaliyah Daruwala**  
*Argumentative Approach*

My name is Aaliyah Daruwala and I'm a part of the current A level 2021 batch. Despite having to attend all my classes virtually, I'm fortunate enough to say that I was able to cope up with the demands of my AS and A level subjects, especially EGP.

I've always been an avid reader so naturally literature and english have been of great interest to me right from the beginning. I prefer writing fiction and letting my imagination run wild so EGP was slightly challenging at the beginning, but with the right guidance and mentoring I was able to adapt quickly. Moreover, I was given the opportunity to talk about some of my other passions like music and art through my essays. I would grasp at every chance I got to implement knowledge from my other A level subjects like psychology and biology, which made the whole process much more enjoyable.

**Sakina Modi**  
*Discursive Approach*

I'm Sakina Modi from grade 12, part of the batch of 2021, and school life has always been interesting. I love to bake, do art and travel, and I have been able to achieve all three despite the constraints of a worldwide pandemic.

Studying EGP has helped me incorporate all my passions into words, and the journey in the classroom has been convivial. I am planning to pursue a career in art and have always been fond of it, I didn't realize earlier that I loved it however during the time I spent in classes researching about art I came to a conclusion that I indeed enjoyed it.
